

February, 1997
 In dreamstate, an Angel took me to what I had perceived heaven to be, and asked, "Do you want to help up here? Or, down there?" I looked down a tunnel to my bed, thought of my three children and 'something else' (unknown to me). I replied, "Not up here. There's still too much to be done." Whoosh! Back in my bed, I sat bolt upright, wondering what had just happened.

The journey unfolded from there
